Online Auction Closes: Thurs. May 13

Lot No	Description
101	Shredding/Granulating Line (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101A	Shred-Tech rough chopper/pre-shredder, mod. ST-500, hydraulic w/ exit shaker conveyor, approx. 23" x 25', 480V c/w Rexworth/Bosch/Hagglunds hydraulic power-pack, mod. PAC-0603-250, ser. No. 517221778 (2016), 2 x 200 HP, 600V w/ drive & cooling fan, 56" dia., 15 HP (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101B	Infeed elevated conveyor, approx. 57" x 23', steel fluted belt, power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101C	Cimp granulator, mod. PCR1600, 125 HP c/w outfeed tapered belt conveyor, approx. 16" x 14' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101D	Raoul Lenoir suspended magnetic belt conveyor, approx. 32" x 14' w/ approx. 28" x 10' take-away conveyor c/w 16" x 12' outfeed tapered belt conveyor (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101E	Loading booth, approx. 5' x 12' c/w directional belt conveyor, approx. 27 inch x 4 feet (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101F	Cimp granulator, mod. PCR800, 120 HP c/w infeed tapered belt conveyor, approx. 16" x 19' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101G	Raoul Lenoir suspended magnetic belt conveyor, approx. 32" x 14' w/ approx. 16" x 12' take-away belt conveyor c/w infeed tapered belt conveyor, approx. 16" x 15' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101H	Evitech control panel for Shredding/Granulating Line (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101I	Notifier automatic deluge system, mod. RP-2001 w/ (2) heat sensors (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101J	Filtertec bag house/dust collector (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101K	RiceLake floor scale, 5' x 5', 5000 kg cap. (Subject to confirmation. The winner will be determined based on the sum of bids on lots 101A-101K vs on bulk bid lot 101)
101L	Shredding/Granulating Line spare parts: spare motor for pre-shredder, WEG, 200 hp
101M	Shredding/Granulating Line spare parts: spare main drive motor for G1 granulator, Roulment, 120
101N	Shredding/Granulating Line spare parts: spare motor for cooling fan, WEG, 15 hp
101O	Shredding/Granulating Line spare parts: misc. spare parts for pre-shredder
101P	Shredding/Granulating Line spare parts: misc. screens for G1 & G2 granulators
102	Heavy Duty Chain Shredding Line 1 (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102A	Inclined infeed conveyor, approx. 40" x 60', power, fluted belt (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102B	Retek chain shredder, mod. RKZ2000 (2005), 200 HP, 460 V c/w blower/dust extraction system & discharge elevated conveyor, approx. 26" x 17' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)

## Recycling and Metallurgical Laboratory Facility

220 John St. Barrie, Ontario

Online Auction Closes: Thurs. May 13

102C	Steinert CB suspended magnetic conveyor, mod. UMP 70 100 W G, ser. no. 05188202001 (2006) approx. 32" x 7' c/w drum magnet, 18" Dia x 31" & frame (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102D	Inclined conveyor, approx. 32" x 32', power (no belt) (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102E	Shaker conveyor, approx. 32" x 7', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102F	Shaker conveyor, approx. 32" W x 10', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102G	Magnetic Drum, approx. 48" (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102H	10-man sorting line belt conveyor, approx. 30" x 25', power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102I	Inclined conveyor, approx. 24" x 15', power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102J	Shaker conveyor, approx. 30" x 12', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102K	Eddy Current (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102L	Belt conveyor, approx. 24" x 16', power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102M	Filtertec bag house/dust collector, mod. DS 1.8/130/95 SR-K, ser. no. 12/6555/05 (2006), 2000 litre cap. (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102N	Cyclone separator w/ air lock & 80" auger (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102O	Cyclone separator w/ air lock (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102P	Control panels for Chain Shredding System Line 1 (Subject to confirmation. The winner will be determined based on the sum of bids on lots 102A-102P vs on bulk bid lot 102)
102Q	Chain Shredding Line 1/2 spare parts: main drive motor, Behncke, 270 hp
102R	Chain Shredding Line 1/2 spare parts: infeed gearbox, Nord
103	Heavy Duty Chain Shredding Line 2 (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103A	Infeed conveyor, approx. 42" x 56', fluted belt, power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103B	Retek chain shredder, mod. RKZ2000, 200 HP, 460 V c/w blower/dust extraction system & discharge inclined conveyor, 26" x 17' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103C	Suspended magnetic conveyor, approx. 32" x 7' c/w magnetic drum, 18" Dia x 31" & frame (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103D	Inclined conveyor, approx. 26" x 18', power, fluted belt (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)

## Recycling and Metallurgical Laboratory Facility

Online Auction Closes: Thurs. May 13

103E	Shaker conveyor, approx. 28" x 10', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103F	Magnetic Drum 12" Dia x 36" (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103G	Belt conveyor, approx. 22" x 17', power (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103H	Sorting line belt conveyor, approx. 24" x 24', power c/w work platform (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103I	Shaker conveyor, approx. 30" x 12', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103J	Inclined conveyor, approx. 32" x 24', power, fluted belt (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103K	Cyclone separator w/ air lock & 80" auger (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103L	Control panels for Chain Shredding System Line 2 (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103M	Filtartec bag house/dust collector (Subject to confirmation. The winner will be determined based on the sum of bids on lots 103A-103M vs on bulk bid lot 103)
103N	Spare chain shredder casing
103O	Chain Shredding Line 1/2 spare parts: chain shredder infeed belt, approx. 40" fluted rubber belt
103P	Chain Shredding Line 1/2 spare parts: main drive motor, Marathon, 300 hp
103Q	Chain Shredding Line 1/2 spare parts, incl.: wear plates, anvil blocks, hydraulic door cylinder, pulley wheels, etc.
104	Hammermill Line (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104A	Hopper w/ conveyor/agitator, approx. 32" x 12' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104B	Shaker conveyor, approx. 30" x 8', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104C	Inclined conveyor, approx. 24" x 38' (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104D	Shaker conveyor, approx. 24" x 7', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104E	Retec hammer mill, mod. PHM650/1000 (2007), 2 x 100 HP rotors w/ screens (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104F	Shaker conveyor, approx. 24" x 10', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104G	Airlock (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104H	Shaker conveyor, approx. 24" x 7', 2 x 1 hp (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)
104I	Magnetic Drum 24" (Subject to confirmation. The winner will be determined based on the sum of bids on lots 104A-104O vs on bulk bid lot 104)

## Recycling and Metallurgical Laboratory Facility

220 John St. Barrie, Ontario
